Issue No. 1 | Project Launch

BUILDING STRONGER CROSS-BORDER COOPERATION TOGETHER!

We are pleased to announce the official launch of the **BORDER-NET** project, co-funded by the Interreg VI-A Hungary–Croatia Programme 2021–2027.

The project aims to improve the efficiency of public administration in the Hungarian–Croatian border region by strengthening cooperation between public authorities, citizens and civil society organisations. Through joint research, participatory activities and institutional cooperation, BORDER-NET will help reduce administrative barriers and develop practical solutions for cross-border governance.

By bringing together local governments, experts and stakeholders, the project contributes to more accessible public services, stronger institutional cooperation and a better quality of life for communities living in the border region.

Interreg VI-A Hungary–Croatia Programme 2021–2027

PROJECT AT A GLANCE

Duration

24 months

Total Budget

€ 256.499,64

ERDF Contribution

€ 205.439,71

Partners

Zala County Self-Government (HU)
